

## All Purpose Cleaner 2

	<p>All Purpose Cleaner 2 is a concentrated, water-based general purpose cleaner. It can be used in the routine cleaning of a variety of surfaces, including walls, mirrors, fixtures, windows, light switches, and more. It has a pH of 7, which means that there is no neutralization required once a surface is cleaned.</p> <p>All Purpose Cleaner 2 is formulated for use on light to medium soil and leaves no streaks on glass surfaces. The dilution rate of 5 ounces per gallon means that 1 gallon of concentrate will make over 25 gallons of RTU solution.</p>
